

“Doing it Right” Award

This year we are introducing the Doing it Right Award. We have given weekly awards in the past - the recipients were selected by the Board.

This year we are asking members to nominate other members. During each general membership meeting two nominations will be chosen at random and will receive a prize.

Some sample reasons for nominating a colleague:

- Giving another official extra help or feedback at a match
- Dealing with a challenging situation in a calm, professional manner
- Being a particularly good example for GSVO
- Keeping a sense of humor during a difficult match

Please take a moment to nominate another official with whom you have worked with/observed since the last meeting.

Complete the nomination form and put the form in the volleyball ballot collector.

If your nominee is chosen, you will be asked to stand up and briefly explain why you nominated them.
